

**100% RAISED IN CT...
100% STAYS IN CT**

The Connecticut Breast Health Initiative has one goal. One desire. To help find a cure for breast cancer in our lifetime.

Connecticut is ranked 2nd in the nation in breast cancer incidence rate. For a small state, that is a huge challenge.

That is why we have focused all of our considerable energy and resources on education and research... funding forward-thinking programs that have yet to qualify for federal grants.

And we are doing it where it matters most... right here at home.

Over \$3.6 Million Dollars Awarded in Grants in 13 Years to:

Agency on Aging of South Central Connecticut
Community Health Services, Inc.
Chatham Health District
East Hartford Department of Health & Social Services
Fairfield University
Hartford Hospital
Hill Health Group
Hispanic Center of Greater Danbury
Hispanic Health Council
Hospital of Central Connecticut
Hospital of St. Raphael
Jackson Labs
Ledge Light Health District
Middlesex Hospital
MidState Medical Center

Norma Pfriem Breast Center, Bridgeport Hospital
Northeast District Department of Health
Norwalk Department of Health
Saint Mary's Hospital
St Vincent's Medical Center Foundation
UCONN Foundation
UCONN Health Center
Uncas Health District
University of Connecticut

A fundraiser to support leading edge breast cancer research in Connecticut

Monday, September 11, 2017
Shuttle Meadow Country Club, Kensington, CT

Thanks to our Title Sponsor

Thanks to our Hole in One Sponsor

CT Breast Health Initiative Howard H. Belkin Memorial *Golf Tournament*

A Golf Tournament with a Mission.

In 13 years, the Howard H. Belkin memorial Golf Tournament has raised approximately \$380,000 for breast cancer education and research in Connecticut.

Every year, the CT Breast Initiative remembers its founding chairman Howard H. Belkin for his spirit and unwavering desire to find a cure for breast cancer. Howard was a local attorney, State of CT Worker's Compensation Commissioner, political activist, husband, father, grandfather, joke teller extraordinaire and avid golfer. It was his dream to use his love of golf to raise monies for the statewide work of the CT Breast Initiative, Inc. by creating an annual tournament at the Shuttle Meadow Country Club, on his favorite golf course.

The Shuttle Meadow Golf Course, designed by renowned architect and twice British Open Champion, Willie Park Jr., was recognized by Golfweek Magazine as one of America's 2014 best classic courses. Achieving national recognition among America's elite golf courses is a tribute to the unique qualities of this historic course.

We appreciate all who participate and use their love of golf to raise monies for the statewide work of the CT Breast Initiative.
